**Here At Home**  
 By Maude Miller

**What's In A Name?**

There's a store in our town with a name.  
 True enough, all stores have names, and our town has some fine stores. Torrance, come to think of it, is a great town for shopping . . . even though some people are still fooled by "greener pastures" on the other side of the hill.

Real appreciation came to us last Tuesday when a friend of ours reported she almost fainted from sheer surprise. Seems she was driving to Los Angeles past the airplane plants where the street, just to add to the confusion, narrows to one lane due to road work. Feeling like a jockey trying to get close to the rail, she was rocked when a man in the next lane stopped his car and let her go ahead of him. Says it was the only nice thing that happened on her 45 minute drive to the big city. After battling traffic and smog (ugh!) she'd had it! Couldn't even remember what she had started out to buy!

And here we have jewelry stores, shoe stores, home appliance stores, toy stores, department stores . . . and our store with a name. The one we mean carries the name of a man . . . Sam Levy.

"Oh sure," you say, "Sam Levy's Department Store. We know that."  
 And I'll wage my small wages that most of you know Sam Levy personally. Because Sam Levy came to Torrance 37 years ago . . . population 1200 . . . with his wife and daughter in a horse and buggy! He built more than a store . . . He helped build a city . . . population today 65,000 (our special census is 65,000 . . . don't fall to get your nose counted).

So Sam Levy's Department Store isn't just another name for purposes of identification only. When you hear it or see it you get a kind of mental "tie-in" . . . with a warm, friendly, funny and helpful a human being as you'll ever be . . . lucky enough to meet. The store has a special kind of tradition . . . Sam's love for his fellow man. In this fast moving atomic age of ours it's a good tradition to hang on to. Mr. L. is feeling much better these days, by the way, and says "Thanks" to all of you who sent good wishes through daughter Ella.

And Ella says, "There are just 86 days until Christmas!" What a thought . . . with Daylight Savings Time barely behind us! (And which way did you turn your clock?)

But she ought to know, because believe it or not, gift boxes, bags and wrappings are not only ordered, but are already piling into the store. Sam Levy's Department Store, we want you to know, will this year, and forever more, have its own distinctive and attractive packaging. You'll not only be proud of what you buy, for once you'll enjoy carrying it! Kind of makes us nostalgic though for the good old days when they sometimes pressed butcher paper into service as wrappings!

We got us a preview of some of the New York and California fashions bought at the big Pacific Coast Showing of National Manufacturers a few weeks ago. Those elegant cocktail dresses! Gentlemen, they're to drool! As Bennett Cerf of What's My Line TV fame says, "These dresses are built like a good fence. They protect the property but do not obstruct the view."

More about that buying expedition and its spectacular results next week. But right now our . . . Fall Fashion Notes.

**WOMAN SIDE**  
 Better than ever, and best buy ever, are the mix 'em or match 'em separates . . . Jerseys, sweaters, skirts and wide belts in luscious colors . . . avocado, coral, camel, pilgrim gray, purple, and of course, white and black. Stunning from morning through dinner. Stop at the jewelry counter and really glamorize.

**MAN SIDE**  
 Has your wife looked at you lately? Well . . . catch her eye, friend, and hold it . . . with a fabulous all wool sport coat and slacks. (Show her you can mix 'em or match 'em too!)

**OUR SIDE**  
 Fall is an exciting time for clothes buying . . . Rich colors and interesting textures in Winter, Holiday, and Cruise wear for You and the Small Fry . . . And it's all right here at home . . . at 1311 Sartori, Sam Levy's Department Store.

**Plans Made For Second Polio Shot**

The polio immunization program will probably be resumed again sometime during October, Dr. Benjamin A. Kogan, local health officer, stated Friday.

The program, intended for first and second graders, was interrupted shortly before summer vacation.

No new youngsters will be accepted for the program, Dr. Kogan stated, but children who have signed consents and are eligible for their second shots will be eligible for the vaccination.

Only 1625 children received their second shots in the Torrance Health District which includes six other cities. A total of 6762 children have not yet received their second shots. All have received their first shots, however.

Children who have transferred here from other districts and are eligible for their second shots will be able to obtain them, Dr. Kogan said.

Resumption of the program will depend upon arrival of the vaccine. A definite schedule by schools has not yet been prepared but should be ready shortly, the health officer stated.

**Coordinating Council To Hear Klein**

The Torrance Coordinating Council will hold its next meeting October 6 at 7:30 p.m. at the Greenwood school, 1314 Fern ave., room 10.

Julius Klein, representative of the Los Angeles County Department of Community Service, will speak on the functions of coordinating councils. Individuals as well as representatives of various organizations are invited to attend, according to Lester Foster, acting president.

The Council was active in the civic center campaign, establishing of a youth coordinating council, and the passage of a rabies law.

SIX NEW MEMBERS were added to the Lions club this week. Mott Farrell, president (l), welcomes Al Hinz, while Warren Hamilton, past president, welcomes Clarence Clark. Other newcomers are (back row, l-r) Leonard Mills, Assistant Police Chief Percy Bennett, Frank Pagac, and Assistant City Attorney Stanley Remelmeier.—Press Photo.

**Residential Chairman Appointed**

Appointment of Mrs. Edwin O. Rowell, 3028 Dalemead, as Torrance residential chairman for the 1955-56 Community Chest campaign, was announced this week by Phillip Lisman, Torrance city chairman for the appeal.

Assisted by six residential division chairmen, Mrs. Rowell will direct door-to-door solicitation on behalf of 168 Red Feather causes in November. Last year Torrance neighborhood workers made 92.70% of the residential goal and Mrs. Rowell says that she hopes to top 100 percent in residential solicitation this year.

Serving for the first time as a Community Chest campaign, Mrs. Rowell has worked with the Boy Scouts and the Girl Scouts, both Community Chest agencies. She is a den mother for Cub Scout Pack 240, and is transportation chairman for Brownie troop 1281. Mrs. Row-

**Gately Home From Hospital**

Rome Gately of 117 E. 216th st., Torrance, is now home recuperating from a case of exhaustion which hospitalized him for three weeks.

Gately, a letter carrier for the Torrance Post Office, expects to return to work some time after October 1.

Clerks and letter carriers cheered his up recently by presenting him with a large Mission-Pak fruit basket.

**OK New Teachers**

The Board of Education Tuesday night approved the employment of 15 new elementary school teachers for local schools.

Salaries for the new teachers range from \$3,895 to \$5,130, depending on education and experience.

**BFW Plans Next Meeting At City Hall**

The next meeting of the Business and Professional Women's club will be a business meeting at the city hall on October 3.

The last meeting of the club was a dinner meeting at La Venta Inn.

The speaker for the evening was Dr. Herbert L. Herschensohn, medical director of Douglas Aircraft. His subject was "Doctor Don't Be a Do-It-Yourself. The theme for the meeting was health and safety.

Hostesses for the evening were: Mrs. Lee Bruno, chairman, Gladys Bostick, Ethel Daily, Dorothe Kirkpatrick, Herma Tillim, and Bess Tufts.

Seven of the members attended a district workshop at Norwalk last week.

Mr. and Mrs. Robert W. Cecil, of 2214 Cabrillo Ave., Apt. B, announce the birth of a son, Robert Glenn, weighing 8 pounds and 4 ounces.

**New Civic Association Forms Here**

The Torrance Hills Civic Association was recently formed when residents of Victoria Knolls, Pacific Hills, Old Weston and New Weston tracts met at Hillside School.

Association under the laws of the State of California and to start a membership drive.

Other business taken up was the problem of the traffic light now being installed at the hazardous intersection of Pacific Coast Highway and Crenshaw blvd. The Torrance Hills Civic association is a non-profit, non-political organization dedicated to the health, welfare and safety of all its residents, Abrams stated.

The meeting was highlighted with the presence of Councilman Willys G. Blount who gave a talk on the importance of civic organizations.

Tom Abrams was elected Chairman and will serve as president of the association.

The first projects of the committee are to incorporate the

Association under the laws of the State of California and to start a membership drive.
